

Study Group Icon & Notes Summary Matrix Animas Valley Landscape, Columbine 5/24/'05

Primary Use	Concern	Opportunity
Back Country Skiing	Access & Parking	Better Maps showing allowed uses
Fishing	Altered Landscapes	Education
Grazing	Back country Skiing	Encourage Multiple User Groups to cooperate
Hiking	Camping Impacts	Grazing
Horseback	Commercial use	Improved Trailhead
Mountain Biking	Forest Health	Multiple recreation Use
Multiple Uses	Mixed Rec Use Conflict	Multiple Uses
Municipal Water Use	Over Crowding	Other
Non Motorized	Pet Impacts	Riparian restoration
Pleasure Drive	Residential Impact/Conflict	Segregate Uses
Traditional Uses	Snowmobiling	Timber Harvest
Utility corridors	Urban Interface	User Stewardship
Wildlife Habitat	Weeds & Invasive Species	Wildlife habitat
X-C Skiing	Wildlife	Expand/promote multi-use areas near town
Outstanding Features	Winter Range	Increase Grazing.
Convenient Access & Parking	DMR-related summer restriction of FS Road	Support Tacoma Hydro project
High level of Human Activity	Permanent hunters camps	
Lakes	Pervasive commercial use	
Loop routes	Ski area expansion	
Multiple Recreation Use	Skier and snowmobile impacts on wildlife	
Natural Process	Stop Tamarron land exchange	
Natural Setting	Too much guided hunting	
River/Streams	Too much skiing.	
untracked Snow		
Vegetation		
Views/ScenicResources		
Wildlife		
Accessible lakes.		
Beaver ponds at spud lakes area		
Cascade Creek is preserved and natural		
Transportation corridors make for high use
