

Study Group Icon & Notes Summary Matrix Disappointment Landscape, Dolores 5/18/'05

Primary Use	Concern	Opportunity
4WD	4WD	4WD Trails
Back Country Camping	ATV	Close Area DES. Sites
BackPacking	Excessive Roads	Disperse Uses
Grazing	Grazing	Encourage Multiple User Groups to cooperate
Hiking	Hunting	Grazing
Hunting	Mixed Rec Use Conflict	Motorized Loop Routes
Multiple Uses	Motorized in Non motorized area	Multiple recreation Use
Traditional Uses	Motorized route Creation	Multiple Uses
Wildlife Habitat	Motorized/Non Motorized conflict	Non Motorized Recreation Area
Outstanding Features	Multiple Recreation	Oil & Gas
4WD Trails	Oil & Gas	Restoration
Few Human Facilities	Over Crowding	Riparian restoration
Multiple Recreation Use	Urban Interface	Special Interest Areas
Multiple Uses	Vandalism	User Stewardship
Natural Process	Weeds & Invasive Species	Wilderness Addition
Natural Setting	Wildlife Habitat	Wildlife habitat
Solitude	Winter Range	Close area after hunting season
Vegetation	Grazing allotments conflict with wild horses.	Closing of some roads.
Wild Horses	Hunting impacts (ATV & 4WD scars)	Let the creatures have it.
Wilderness	Motorized use occurring off of existing trails-roads	McKenna Peak should be wilderness area.
Wildlife	Slow recovery of desert vegetation	
Wildlife Habitat	Stop the drilling before the resource is gone	
Abundance of wildlife coexist with human uses	Wildlife competing with livestock forage	
Actively manage wild horses		
Diverse of forage for summer grazing		
Great area for motorized travel .		
Primitive backcountry good for grazing		
Working ranches and grazing land
