

Study Group Icon & Notes Summary Matrix Weminuche Landscape, Columbine 5/24/'05

Primary Use	Outstanding Features (cont.)	Concern (cont.)
Back Country Camping	Old growth forests	Motorized routes being created illegally
BackPacking	Pristine waters	No Damns at Emerald Lake
Grazing	Train access	packers
Hiking	Concern	Problems with horses & hikers on steep trails
Horse Packing	Access & Parking	Too many campers in Chicago Basin
Horseback	Altered Landscape	Opportunity
Hunting	Altered Landscapes	Better Maps showing allowed uses
Mountain climbing (Peak Bagging)	ATV	Better Signage
Nature Observation	Back Country Camping	Close Area DES. Sites
Non Motorized	Camping Impacts	Education
Traditional Uses	Commercial use	Encourage Multiple User Groups to cooperate
Wildlife Habitat	Forest Health	Forest Restoration
Outstanding Features	Grazing	Grazing
Geologic Features	Horseback	Improved Trailhead
High level of Human Activity	Law Enforcement	More XC Ski & Hiking trails
Lakes	Mixed Rec Use Conflict	Non Motorized Recreation Area
Multiple Uses	Motorized in Non motorized area	Permit system
Natural Process	Over Crowding	Riparian restoration
Natural Setting	Pet Impacts	Science Collaboration
Peaks/Summits	Riparian degradation	Trail expansions
River/Streams	Snowmobiling	User Stewardship
Solitude	Weeds & Invasive Species	Wild & Scenic River
Untracked Snow	Wildlife Habitat	Wilderness Addition
Vegetation	Winter Range	Wildlife habitat
Views/ScenicResources	Adverse impacts of camping on ecology	An untapped area for winter recreation.
Wilderness	Adverse impacts of domestic sheep grazing on wildlife	Better trail signage
Wildlife	ATVs are causing resource damage	Employ a permit system to stop over use
Bluest Clearest skies in the US	Don't want Llamas in the wilderness area	Keep the wilderness open for grazing
Colorado River Cutthroat trout	Grazing causing resource damage	More horse trails
Critical big game winter range	Horses cause damage above treeline	Reclaim old logged areas.
Indian history	Impacts of horse camps on resources and litter	Reintroduction of wolves, lynx,
Largest wilderness in Colorado , keep it wild	Implications of water development at Emerald Lake	
	Keep it a designated wilderness, always
