

River Protection Workgroup for the Animas River
Thursday, September 22, 2011

Field Trip: 1:00 to 5:00 p.m. with light sandwiches to follow (meet at Kendall Mountain Recreation Center to start)

Meeting: 5:30 to 8:30 p.m.
Kendall Mountain Recreation Center

Proposed Outcomes:

- To tour the area the Workgroup is discussing
- To review a values statement
- To learn about water quality in the area of focus and to learn about the work of the Animas River Stakeholders Group

Field Trip Details: We will tour Animas Forks and the Mineral and South Mineral Creeks area and, if time, go up to Red Mountain Pass to see remediation sites. We will come back to the Center at 5:00 p.m. and have a light dinner before the meeting starts. Dress for rain, wear comfortable shoes and clothing, and bring any water/snacks that you wish to. Please RSVP if you're attending to Marsha Porter-Norton (porternorton@bresnan.net or 759-3110) and indicate if you can drive and take any passengers.

Meeting Agenda

- I) Introductions
- II) Meeting Opening: Outcomes and Agenda, and Ground Rules
- III) Water quality in the area of focus, a presentation by the Animas River Stakeholders Group
- IV) Review of values statement (will be sent out next week)
- V) Preview of upcoming meeting schedule: a) Water 101 in Oct., b) Panel on River Protection Tools in Nov., and c) Other
- VI) Review of past meeting notes
- VII) Next Meeting(s) and Schedule
